

Approximate readership for Prof. Mats Danielson's books

These are approximate readership numbers as estimated by the publishers' data in January 2026. Readership is approximated by books purchased, downloaded or read online. There might be some duplicates unaccounted for. Four of the five books on the list are available as physical books. For books not on the list, the estimates are less than 2,000 readers.

Faculty of Social Sciences 1964–2014. Stockholm University Press (2014): 7,000 readers.

Deliberation, Representation, Equity. Open Book Publishers (2017): 16,000 readers.

Digital Transformation. Open Book Publishers (2023): 9,000 readers.

The Rise and Fall of Philips Data Systems. Sine Metu (2023): 6,000 readers.

Real-Life Decision-Making. Taylor and Francis / CRC (2024): 11,000 readers.
